ROLES & RESPONSIBILITIES

GFG- Campus Ambassador

📅 Present

- Representing GeeksforGeeks on campus by promoting coding culture, learning resources, and technical initiatives.

Vice President - AI Club

📅 Dec 2024 - Dec 2025

- Leading AI Club activities by organizing workshops, tech sessions, and mentoring students in AI/ML fundamentals and projects.
- Coordinating events, hackathons, and collaborations to promote hands-on learning and peer-driven AI innovation.

Member – Google Developer Groups

📅 Nov 2024 - Dec 2025

- Active GDG member, participating in developer workshops, tech meetups, and community events focused on modern technologies.
- Collaborated in AI/ML learning initiatives, gaining hands-on exposure to Google technologies and industry best practices.

PROJECTS

JAR AI

Hosted URL | GitHub URL

- Helps users create tailored resumes, cover letters, and interview prep content quickly while centralizing job-application workflow
- Tech stacks : Next.js + React, Prisma, Inngest, custom UI components, Node API, and Tailwind-style styling.

The Hub Stay

Hosted URL | GitHub

- Built a full-stack hotel and property booking platform enabling users to browse, book accommodations, and list their own properties.
- Integrated interactive maps with geocoding to display property locations, enabling accurate search and location-based discovery.
- Tech stacks : React.js, Node.js, Express.js, MongoDB, JavaScript, Geocoding APIs

CODING PROFILES

- CodeChef Rating :4star 1872 || 4th rank in Starters 224 (Rated)
- Leetcode 300+ problems || Rating: 1466 || Views: 9K+
- GeeksForGeeks Rank: 1 || 400+ problems

EDUCATION

B.Tech in Computer Science & Artificial Intelligence

Newton School Of Technology, Rishihood University

📅 2024 - 2028

📍 Sonipat, India

- 7.13 CGPA (upto 2 Semesters)

AISSCE & AISSE

Delhi Public School, Risali

📅 2009 - 2023

📍 Risali, Chhattisgarh

- 12th Percentage: 79.8% (PCM stream)
- 10th Percentage: 91.6%

SKILLS

Languages and Development: C/C++

Python

JavaScript

NodeJS

ExpressJS

React

MySQL

MongoDB

Git

Github

CSS

HTML

Tailwind
